Hi everyone,  
I've added a few comments to the FRN as well.  
I think this is ready for legal review -- Jeff, Steve, and JB.

I wish there was some way to make this all less confusing.  
I get lost in the words and references...I can't imagine the public's read.

Alas, I don't think there is a solution...perhaps just the nature of FRNs...especially this one.

Thanks for all the work, Joelle

I'm okay with removing it as well since the FRN will be old news and the real news will be the decision letter in which we do acknowledge the progress the state has made.

I think that had originally been my comment. I'm OK with removing.

I think it looks fine except for the comments adding language about which MMs we have given interim approval to. I thought we agreed on the call today that we would only focus on forestry---the basis for the disapproval decision and that the FRN was not the place to get into the other MMs. See comment attached.

My comments on the FRN are added to the version Jennifer commented on. It's looking good. I am particularly sensitized to tone and sound of the message, hence, provided some wording changes to "failure to submit" language. I recommended that we use less inflammatory language such as "has not submitted an approvable program". My comments reflect those wording changes.
